

# KEYSTONE HOMEBREW NEWS

Fall 2016

## Greetings from Keystone Homebrew

**The fall harvest is nearly here!** That means that this newsletter contains actionable intelligence on grape and juice offerings (pages 2–3), great deals on new *and used* winemaking equipment (page 3), new classes (page 7), and fall harvest activities at Stone & Key Cellars (pages 4–5). Don't worry, beer fans—we haven't forgotten about you. We have a sale on beer ingredients (back page), new hop varieties (page 6), some great time-saving homebrew gadgetry (page 1), and local craft beer on tap at our winery! If beer and wine aren't enough for you, read on to learn about our fresh apple cider, a business proposal for woodworkers, and even a Pokémon hunt for savings!

Ferment on!

## POKÉMON DOUGH

In this issue of our newsletter, we're offering you a chance to hunt for Pokémon—without the risk of embarrassing yourself in public by running into inanimate objects because you are fixated on the make-believe purple furry creature on your cellphone screen. And you can earn Keystone bucks at the same time! Just search for Pokémon names hidden throughout this newsletter, and write them in the blanks below. For each Pokémon that you find, you'll earn \$1 off your next Keystone purchase of \$60 or more (not including juice and grapes). Just bring this page of the newsletter in as evidence of your success. Keep the following rules in mind: (i) the maximum discount is \$12 (ii) limit one discounted purchase per customer, (iii) not all of the names will be capitalized, because we want to make it challenging, and (iv) Psyduck.

## COOL NEW PRODUCTS

### Blichmann Engineering's QuickCarb

"Better three days too soon than a minute too late" —Billy Shakesbeer

Hook up Blichmann's QuickCarb to your corny keg, and abra kadabra—your beer gets bubbly in under an hour! Add an O2 regulator and canister (not included), and the QuickCarb even doubles as an in-line oxygenator! \$179.99

### Mini CO2 Regulator

We took some standard regulators and blasted them with our shrink ray to bring you the perfect portable pressurizer! Includes a ball lock disconnect and two 74-gram threaded CO2 cartridges that will push about 5 to 10 gallons each. \$99

### PicoBrew Zymatic

This technological wonder puts a magneton of brewing power and efficiency into your hands. Simply load your grains and hops into the individual slots and fill the attached keg with your strike water. Then the Zymatic will take over and maintain precise mash temperatures, execute timely adjunct additions, and send electronic reports to your remote location. It even has a clean-in-place function! It's like having a mash-up of your crockpot and CERN's Large Hadron Collider, with Vinnie Cilurzo living in your basement. *Special Order Only.* \$1850 (\$1999 with keg)

### The Grainfather Sparge Water Heater

Fans of the (almost) all-in-one Grainfather brewing system will be happy to hear about its new companion Sparge Water Heater. Now you can fuggedabout that old stove/burner, and harness the power of the grid to heat up your sparge water while you mash away. The accurate temperature control and handy sight glass make this another brilliant appliance that can simplify your brew day! \$182.95

\* by readers of *Philly Beer Scene* magazine. Five time winner!

## 2016 Grape Harvest

The 2016 harvest is just about underway, and the early reports are looking good. In addition to all of the popular fresh grape and juice offerings we have from California, Washington, and Italy, this year we're bringing you a cloister of superb winemaking equipment at *fantastic* prices. This includes new tanks, pumps, bottle fillers, crushers, and more directly from Italy—the highest quality available—and ordering direct allows us to give you the best deals! We also have a selection of absolutely beautiful, gently used equipment from our retired winemaking friend and mentor, Dave Salaba. You can find convenient ordering forms for grapes and juice on our website, and you can stop by Montgomeryville to see the equipment for yourself. (Select items will be displayed in Bethlehem; we can transfer any equipment to Bethlehem upon request.)

Remember: Stone & Key Cellars has been making wine using many of the same grapes that we offer to you, so if you'd like to sample the finished wines from past vintages, please visit their tasting bar in Montgomeryville. You'll find a coupon for a free tasting on page 4!

We have crushers, destemmers, and presses for rent, and we will offer grape crushing services as long as we have grapes in stock. **Please plan to arrive AT LEAST 1 HOUR PRIOR TO CLOSING TIME if you would like your grapes crushed.**

**ALL PRICES ARE SUBJECT TO CHANGE.**

## USED WINEMAKING EQUIPMENT

This premier winemaking equipment comes from our own Dave Salaba, who taught many of us (and many of you!) how to make wine. Dave was a meticulous winemaker who treated his equipment like treasured family heirlooms. He won more than 150 medals in amateur wine competitions, and we don't think it's farfetch'd to believe that some of that success will carry over to a new owner. You do like winning medals, don't you?

80 Liter Bladder Press, Painted Base	\$969
27 Gallon Conical Fermenter (3 Available)	\$679
Stainless Steel Open Top Tank, 300 Liter	\$310
Stainless Steel Open Top Tank, 100 Liter	\$216
Red Plastic Open Fermenter, 350 Liter	\$85
Red Plastic Open Fermenter, 275 Liter (3 Available)	\$55
Refractometer, Brix Scale	\$61
Finding a Vileplume on Your Lunch Break	Priceless

## NEW HOP VARIETIES

**Australian Summer**—The 2016 crop is destined to sell out fast! The tangerine and apricot notes make this varietal highly coveted for warm-weather-worthy quaffables.

**Idaho 7**—The newest experimental variety that is distinctly American in its pungency, fruit-forwardness, and slightly tannic bittering properties.

**Medusa**—The novelty of this guava- and lime-kissed New Mexican variety has made Medusa very popular. Similar to Tauros, but more aromatic and not as cleftable. Grab some now before your favorite breweries catch 'em all!

**Southern Cross**—A kiwi, a cockney, and a cowboy walk into a bar...a crossbreed of New Zealand, English, and American varieties, this trending hop offers a blended bouquet of pine needle, lemon, and rustic earthiness. In stock now for your reckless experimentations.

## RJ SPAGNOLS (RQ) WINE KITS

### *Restricted Quantity, Limited Time*

Take time to reintroduce yourself to the foundation from which all great wines descended: the Noble Grapes and rich traditions of France.

**Order deadline is Tuesday, October 12, 2016**

#### *L'âge L'élégance—Cabernet Sauvignon*

**January 2017**

**\$129.95**

Spicy with structured tannins. Notes of rich red fruits and vanilla. Moderate amounts of French oak make it true to the style of wine from the most famous grape-growing region, Bordeaux.

#### *L'âge de la Grace—Chardonnay*

**February 2017**

**\$124.95**

An unoaked Chardonnay balanced between its creamy mouthfeel and minerality. Unoaked and butterfree, this Loire-based version is citrusy, melon-like, and loaded with green apple crispness.

#### *L'âge du Luxe—Merlot*

**March 2017**

**\$129.95**

Another star example from the Bourdeaux region, this Merlot is loaded with the ripe berry and cherry flavors that make it easy to drink at any meal. With a restrained amount of tannins and oak compared to its sister grape Cab Sauv, you can enjoy the fruits of your labor fairly young.

#### *L'âge de la Vaillance—Sauvignon Blanc*

**April 2017**

**\$124.95**

Born on the other side of the Loire region from Chardonnay, this Sauvignon Blanc displays similar citrusy notes with grapefruit and gooseberry flavors, but is more acidic and dry. Remains unoaked which makes the grassy notes and light-body a refreshing summer sipper.

### *"What about WINEXPERT LIMITED EDITION KITS?"*

We are not at liberty to discuss these just yet. Sign up for our email updates for up-to-the-nanosecond information about these and all sorts of other products and beer- and wine-themed happenings.

## KEYSTONE BARREL CO-OP (KBC)

Anyone who has spent any time on Pinterest has undoubtedly encountered a diverse array of products made by upcycling barrels and barrel parts. We suspect that many of you

(strangely) have passions other than crafting the ultimate beverage. If your pastimes include supplying friends and family with birdhouses and chopping blocks, we have a proposal that can allow you to make a few bucks using your woodworking passion.

Enter the KBC. At Keystone Homebrew we have access to a large selection of barrels, barrel components, and premier retail space. We are looking to you for passion, skills, and creative ideas for commercially viable products that can be made from barrels and sold at our stores. Consider the basics (rain barrels, dog beds, clocks, and planters), the complex (wine dispensers, liquor cabinets, coffee tables, chairs), and the whimsical (wind art, bar signs, tap markers, and other oddish things beyond our feeble imaginations).

The KBC program includes straight sale and consignment options. For pricing and other details, and to submit proposals, please visit: [www.KeystoneHomebrew.com/keystone-barrel-co-op/](http://www.KeystoneHomebrew.com/keystone-barrel-co-op/)

## FRESH CIDER

We're taking orders now for blended and single varietal fresh, unpasteurized ciders, all of which are sold by the gallon. Not sure what to make? Visit [www.KeystoneHomebrew.com/fresh-apple-cider](http://www.KeystoneHomebrew.com/fresh-apple-cider) for details about the various ciders and estimated pressing dates, and to place your order online.

## WINE CLASSES

Class sizes are limited, so please reserve in advance. Payment is required at the time of your reservation; refunds are subject to our **48-hour cancellation policy**.

### Wine and Cheese Combo Class Montgomeryville: Fri., Oct. 14, 6pm

Peanut butter & jelly, Hall & Oates, wine & cheese;  
each of these combos were made to be together...and now

we're bringing those last two together for you in one class! (You'll have to wait a little longer for our Hall & Oates class.) Our friends at Stone & Key Cellars will give you a live demonstration of mozzarella making, and will guide you through a hands-on personal winemaking session using one of our easy 1-gallon wine kits. While all this excitement is happening, you'll be served an array of homemade goodies from our cheesemaker and a flight of wine from Stone & Key Cellars. At the end of the class you'll go home with a satisfied palette, a gallon of fermenting wine (six varietals to choose from), and all the equipment and knowhow you'll need to recreate this magical evening over and over again!

\$150 per person includes winemaking equipment and ingredients. Bring a companion for just \$25 (includes attendance/refreshments only).

### Introduction to Winemaking: Grapes Montgomeryville: Sunday, September 18, 1pm Bethlehem: Sunday, September 25, 1pm

We start with the basics, but we cover a lot of ground in this supercharged intro class! You'll learn about best practices in modern winemaking, equipment, grape selection, and sanitization, *plus* analysis and adjustment of sugar, acid, pH, and sulfites in your must and wine. \$95 per person.

## BREWING CLASSES
